Hazel Gaynor's latest novel, *Everything Left to Remember*, is a captivating and heartwarming tale of lost and found love. Set against the backdrop of the First World War, the novel follows the story of Etta, a young artist who is forced to leave her lover Edward behind when he is called to the front lines.

As Etta struggles to cope with the reality of war, she finds solace in her art and in the letters that she exchanges with Edward. But when Edward's letters suddenly stop coming, Etta is devastated. She fears the worst and begins to wonder if she will ever see her beloved again.

Years later, Etta is still haunted by the memories of her lost love. She has never been able to move on, and she has vowed to find out what happened to Edward. When she receives a letter from a stranger claiming to have information about Edward, Etta is filled with hope. She travels to Paris to meet the stranger, and she is finally reunited with the man she has never forgotten.

*Everything Left to Remember* is a beautifully written and emotionally resonant novel that explores the themes of love, loss, and redemption.

Gaynor's characters are complex and well-developed, and the story is both heartbreaking and heartwarming. I highly recommend this novel to anyone who enjoys historical fiction, romance, or stories about the human spirit.
