

Polygamist True Story: Self-Help and Inspiration in the Face of Adversity

Polygamy, the practice of having multiple spouses, is a controversial topic that has been debated for centuries. While it is illegal in most countries, it is still practiced in some parts of the world, often in religious communities. One such community is the Fundamentalist Church of Jesus Christ of Latter-Day Saints (FLDS), which has been in the news in recent years due to its polygamy practices. In this article, we will tell the true story of a former FLDS member who escaped the community and is now using her experience to help others.

Sarah was born into the FLDS in a small town in Utah. Her parents were both members of the church, and she was raised in a traditional FLDS household. Sarah's father had three wives, and she had many siblings. Life in the FLDS was strict and regimented. Women were expected to be subservient to their husbands, and they were not allowed to work outside the home. Sarah was homeschooled and was not allowed to attend public school. She was also not allowed to watch television or listen to music.

As Sarah got older, she began to question some of the teachings of the FLDS. She wondered why women were not allowed to have the same rights as men. She also began to feel uncomfortable with the arranged marriages that were common in the FLDS. When Sarah was 18, she met a man named John who was not a member of the FLDS. They fell in love and began dating in secret. Sarah knew that if her parents found out about her relationship with John, she would be in trouble. But she couldn't help herself. She was in love with him.

One day, Sarah's parents found out about her relationship with John. They were furious. They told Sarah that she was no longer welcome in their home. Sarah was devastated. She had nowhere to go and no one to turn to. But she knew that she couldn't stay in the FLDS. She had to leave.

Sarah packed her belongings and left her parents' house in the middle of the night. She didn't know where she was going, but she knew that she had to get away. Sarah walked for hours until she came to a small town. She found a motel and checked in. She didn't know what she was going to do, but she knew that she had to start a new life.

Sarah started over in a new town. She found a job as a waitress and began to make new friends. She also started going to therapy to help her deal with the trauma of leaving the FLDS. Sarah's journey was not easy. She had to overcome a lot of challenges. But she never gave up. She knew that she had to keep going for herself and for her children.

Sarah eventually found her voice. She began to speak out about her experience in the FLDS. She wanted to help other women who were trapped in the community. Sarah's story has inspired many people. She has shown that it is possible to escape the FLDS and to start a new life.
